

"Better to wear out, than to rust out"

Offering solutions to the marine industry since
1970

VEZOS

Marine & Ship Maintenance

VEZOS has been active in the marine & shipping industry for close to five decades. Over the years and under second generation administration, VEZOS offers a complete range of surface preparation units to backup the market.

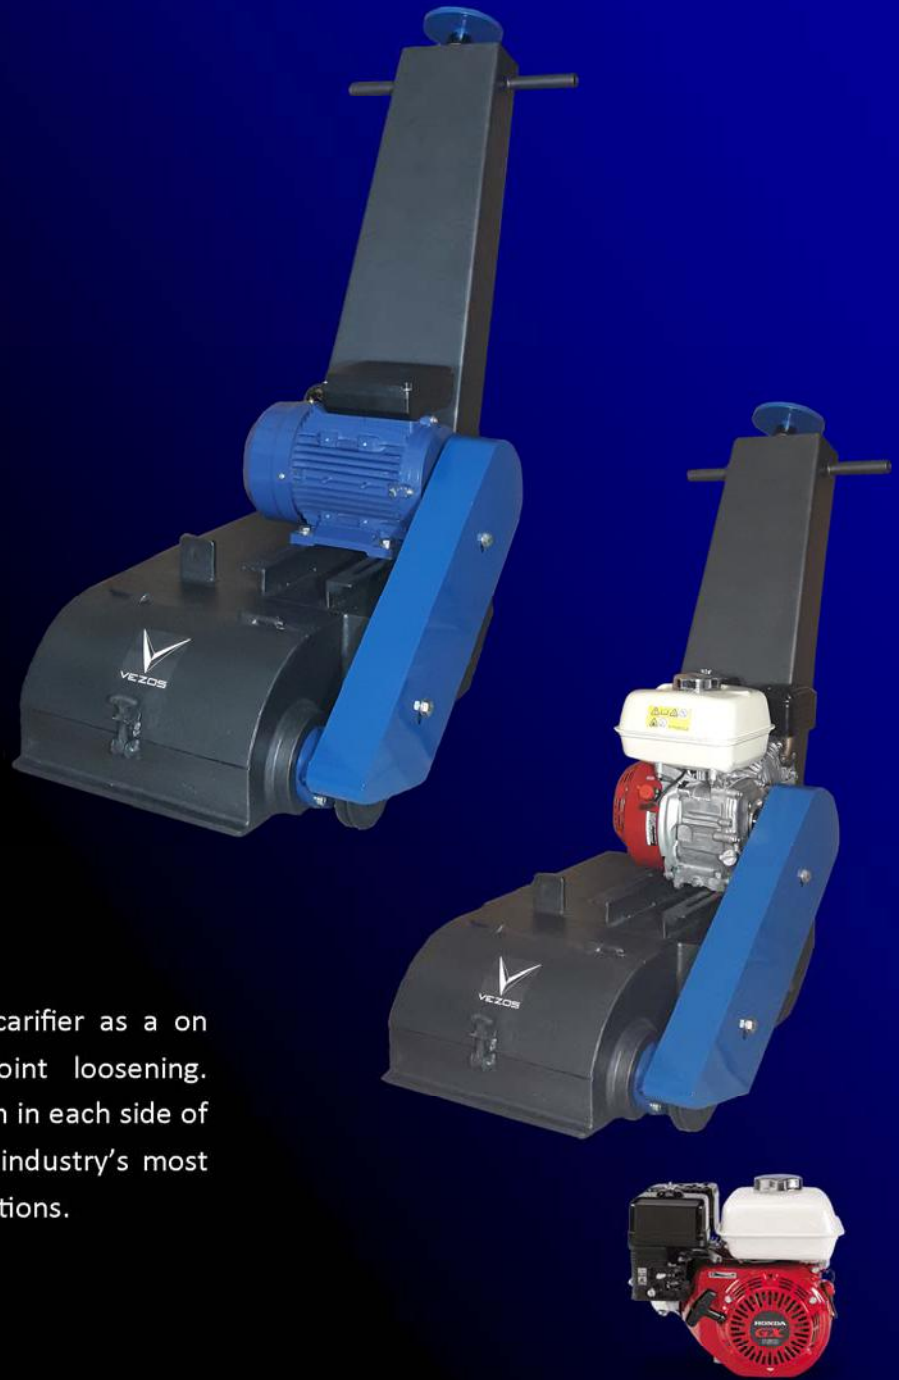

VEZOS deck scarifiers are the best choice due to their tough construction, high productivity & proven technology in the marine industry.

The **ProGrind** head cutter is located in the front of the unit, leaving the less possible untreated surface and reaching close to the edge of the surface. Changeable cutting tools can be adjusted to the **ProGrind 250**, such as chisels, cutting stars, brushes & diamond cutters, depending on the application use.

ProGrind 250 scarifier have an adjustable height regulator, changing the cutting depth.

VEZOS has designed the **ProGrind** deck scarifier as a on piece frame - fully welded, avoiding joint loosening. Due to the closed double ball bearing system in each side of the cutting head, the **ProGrind** scarifier is industry's most robust unit for all industrial & marine applications.

ProGrind model	ProGrind 250 E4	ProGrind 250 E5	ProGrind 250 G
Part Number	23.1004327	23.1004328	23.1004329
Dimensions (W*L*H)	60cm x 110cm x 115cm	60cm x 110cm x 115cm	60cm x 110cm x 115cm
Weight	90 kg	90 kg	90 kg
